

Product Safety Data Sheet

**Product Name: Liquid in Glass Thermometers
(excluding LO-Tox™ Range)**

Brannan PSDS: 001.0
Issue Date: December 2005
Revision: 5 Page: 1 of 2

Type A - Liquid in Glass Max-Min Thermometers

The liquid in glass thermometers produced by S. Brannan & Sons Limited, contain expansion media comprising substances and preparations which present no risk to health, safety or environment when encased in the glass bulb and capillary.

If the instrument is broken during use, minimal risk is presented because of the small volume of materials being used. The following information is supplied as an aid to further reduce risk.

As the Company may change constituent materials, users should check that they are in possession of the most recent revision of this Safety Data Sheet.

1. Manufacturers Information:

Address:

S. Brannan & Sons Limited
Leconfield Industrial Estate
Cleator Moor
Cumbria CA25 5QE
United Kingdom

Telephone:

UK: 01946 816600
International: 0044 1946 816600
Out of office hours: +44 778 979 1777

2. Medium Constituents

Characteristic	Mercury	Toluene	Creosote
Flammability	N/A	F.P. (+4°C)	F.P. (61°C)
Selected Safety Phrases	(S2) Keep out of reach of children	(S2) Keep out of reach of children (S25) Avoid eye contact	(S2) Keep out of reach of children (S26) With eye contact, rinse with plenty of water. Seek medical advice
Selected Risk Phrases	(R23) Toxic by inhalation (R33) Danger of cumulative effects	(R20) Harmful by inhalation (R11) Highly flammable.	(R22) Harmful if swallowed
Maximum Volume Per Instrument	0.1ml	0.501ml	0.501ml

3. First Aid Data

If any of the media is ingested, seek medical attention.

Skin/eye contact - wash with water and seek medical attention.
