

# Product Safety Data Sheet

**Product Name: Liquid in Glass Thermometers  
(excluding LO-Tox™ Range)**

Brannan PSDS: 011.0  
Issue Date: December 2005  
Revision: 5 Page: 1 of 1

## Type E - Liquid in Glass Thermometers (-200°C only)

The liquid in glass thermometers produced by S. Brannan & Sons Limited, contain expansion media comprising substances and preparations which present no risk to health, safety or environment when encased in the glass bulb and capillary.

If the instrument is broken during use, minimal risk is presented because of the small volume of materials being used. The following information is supplied as an aid to further reduce risk.

As the Company may change constituent materials, users should check that they are in possession of the most recent revision of this Safety Data Sheet.

### 1. Manufacturers Information:

**Address:**

S. Brannan & Sons Limited  
Leconfield Industrial Estate  
Cleator Moor  
Cumbria CA25 5QE  
United Kingdom

**Telephone:**

UK: 01946 816600  
International: 0044 1946 816600  
Out of office hours: +44 778 979 1777

### 2. Medium Constituents

Characteristic	Iso-Pentane
Flammability	F.P. (-51°C)
Selected Safety Phrases	(S9) Keep container in a well ventilated place (S16) Keep away from sources of ignition - no smoking
Selected Risk Phrases	(R11) Highly flammable.
Maximum Volume Per Instrument	0.37ml

### 3. First Aid Data

Skin/eye contact - wash with water and seek medical attention if irritation persists.

### 4. Spillage

Absorb in sand. Transfer to safe open area for atmospheric absorption.
