DIGITAL BATH & SHOWER THERMOMETER

The elderly or young are particularly vulnerable to scalding when the temperature of their bath or shower water is too high. The Brannan digital bath and shower thermometer registers water temperature as it flows through the unit, in real time.

Perfect for care homes or hospitals, this battery-free unit is also ideal for both domestic use or hospitality, thanks to its elegant design and premium finish.

Product features:

- Monitors water temperature in real time.
- Hydro powered - no battery required.
- Automatic switch off after turning off the water.
- High-precision temperature sensor.
- 360 degree rotatable waterproof LED screen for better viewing.
- Easy to install - no tools required.

Product specifications:

Temperature range:	0 to +100°C
Temperature accuracy:	+/-0.5°C
Temperature resolution:	0.1°C
Material:	ABS (plating) / PC
Power:	Hydro powered
CE/RoHS/WEEE:	Compliant
Hazard information (SDS):	See brannan.co.uk for information
LCD dimensions:	20mm x 34mm
Screw nut:	1/2"
Product dimensions:	Net: 81mm x 80.6mm x 30mm Gross: 102mm x 118mm x 34mm
Component weight:	Net: 75g Display box: 56 (incl. instructions) Gross: 131g

Description	Barcode	Product No
Digital bath and shower thermometer	5 011405 181008	18/100/2

CAUTION:

We recommend that a responsible adult checks water temperature using either their hand or elbow. Brannan bears no responsibility for any injuries, burns, or scalds caused by excessive water temperature.
