150MM WIDE, ENVIRONMENTALLY FRIENDLY, WOOD WALL THERMOMETER

Brannan wood thermometers are manufactured using wood sourced from forests managed in a way that preserves biological diversity and benefits the lives of local people and workers. The forests are managed to strict environmental, social and economic standards. Packaging sourced from the same standard of forests.

This thermometer is printed with a standard black scale, ideally suited to classroom, office, factory or other commercial property but is also suitable for use in domestic applications.

Product features:

- Sustainable wood wall thermometers sourced from forests managed to strict environmental, social and economic standards
- Ethically sourced to protect the biological diversity and benefits of local people and workers
- Ethically sourced, fully recyclable packaging
- Ideally suited to full colour customer branding and design (MOQ apply)
- Suitable for use indoor or outdoor*
- Easy to read, Celsius and Fahrenheit temperature scale
- Made in UK
