## 380MM WIDE, ENVIRONMENTALLY FRIENDLY WOOD WALL THERMOMETER

Brannan wood thermometers are manufactured using wood sourced from forests managed in a way that preserves biological diversity and benefits the lives of local people and workers. The forests are managed to strict environmental, social and economic standards. Packaging sourced from the same standard of forests.

The extra large thermometer housing has an offset glass tube giving maximum space for full colour design. We offer a range of attractive, illustrated designs produced specifically with your home, garden or schools in mind as standard but these thermometers are ideal suited for customer own designs.

### Product features:
