HIGH RANGE 215MM, ENVIRONMENTALLY FRIENDLY, WIDE WOOD WALL THERMOMETER

Brannan wood thermometers are manufactured using wood sourced from forests managed in a way that preserves biological diversity and benefits the lives of local people and workers. The forests are managed to strict environmental, social and economic standards. Packaging sourced from the same standard of forests.

This thermometer has been specially manufactured to reach a wide temperature range, from -10°Celsius to +80°Celsius.

Product features:

- Sustainable wood wall thermometers sourced from forests managed to strict environmental, social and economic standards
- Ethically sourced to protect the biological diversity and benefits of local people and workers
- Ethically sourced, fully recycleable packaging
- Ideally suited to full colour customer branding and design (MOQ apply)
- Suitable for use indoor or outdoor*
- High range, Celsius and Fahrenheit temperature scale or Celsius only scale
- Made in UK
