PRE-CALIBRATED SCOOP BATH THERMOMETER

Scoop bath thermometer pre-calibrated at two fixed temperature points as part of the Brannan **THERM-cert™** range.
Easy to use instrument to check bath water temperature by sampling.
Dual scale with zones indicating recommended temperature.

Product features:

- Supplied with traceable calibration certificate
- Clear Celsius and Fahrenheit scale
- Zones for recommended bath temperatures
- Made in UK

Product Specifications:

Range:	-25 to +50°C&F*
Accuracy:	+/- 1.0°C @ ambient
Divisions:	1°C/2°F
CE/ROHS/WEEE:	N/A
Hazard information (SDS):	See brannan.co.uk for information
Product material:	White scale: high impact styrene Blue case: polypropylene Glass tube: kerosene filled
Product dimensions:	Net: 225mm x 40mm x 35mm Gross: 340mm x 250mm x 45mm
Component weights:	Plastic: 41.5g Glass: 6g
Product weight:	Net: 42g Display box weight: 15.5g Gross: 78g (incl. certificate & packaging)

* Temperature ranges may have different upper and lower temperature extremes than stated due to manufacturing processes.

S. Brannan and Sons operate an ISO9001 certified Quality Management System in order to ensure the accuracy and reliability of every instrument we produce.
The readings were determined by comparison with traceable standard instruments. The reference numbers of which are shown above.
We recommend that periodic recalibration should be carried out on this instrument yearly, but the recalibration frequency to best determined by the user depending upon the frequency and conditions of use, as well as the level of accuracy required by the process.
